

U.S. NAVAL MOBILE CONSTRUCTION BATTALION

NAVSUP MODIFIER CODE 96

REPAIR PARTS COMMON ASSEMBLY

July 2001

**Construction Battalion Center
1000 23rd Avenue, Building 1000
Port Hueneme, CA. 93043-4410**

FOREWORD

1. GENERAL INFORMATION. This introduction provides information and guidance regarding the format, contents and use of this NAVSUP Modifier 96 Catalog which is compiled to meet the requirements of the U.S. Naval Mobil Construction Battalions. The kits are based on the Component Identifications (CIDs) published in the Coordinated Seabee Allowance Lists (COSALs) issued by the Naval Inventory Control Point (NAVICP).

2. PURPOSE. The NAVSUP Modifier 96 Catalog is designed to assist personnel in identifying consumable items used in the repair of automotive, construction and materials handling equipment.

3. RESPONSIBILITY. This publication has been prepared by the Naval Construction Battalion Center, Port Hueneme, California, who is responsible for compiling and maintaining this catalog.

4. COMPOSITION OF CATALOG.

a. With the exception of CID 955010002, which contains miscellaneous common items, each CID is applicable to a separate application. Items within the CIDs are listed in alphabetical sequence. Typical illustrations are printed throughout the publication.

b. The Alphabetical Index contains Federal Item Names and colloquial names, each referenced to its applicable CID.

c. The Stock Number Index is listed in NIIN sequence. The page and item number listed opposite the NSN is used to locate NSNs in the catalog. Stock Numbers listing page only are components of individual kits within the CID.

d. The unit price will not be shown due to frequent changes. Refer to the Federal Logistics Data (FEDLOG) for current stock numbers, price and unit of issue.

5. REVISIONS. Pen and ink changes will be listed periodically in the Alfa Company Maintenance Bulletin. This publication cancels and supersedes MOD 96 dated March 2000.

6. COMMENTS AND SUGGESTIONS.

a. Prepare NAVSUP Form 1220-2 Allowance Change Request listing applicable CID Number, Stock Number and item description for additions, deletions and changes. Submit form for review to: Naval Construction Battalion Center, Code 43 1000 23rd Avenue, Port Hueneme, CA 93043.

b. Inquiries regarding suspected data conflicts (i.e. cog, nomenclature, unit of issue or price) may be submitted to Naval Inventory Control Point (NAVICP) Code 03421 Mechanicsburg, PA 17055 by calling DSN 430-4252 or 430-4434 .

c. Other comments and suggestions, write to: Naval Construction Battalion Center, 1000 23rd Avenue, Port Hueneme, CA 93043.

**U. S. Naval Mobile Construction Battalion
SPCC CID No. 955020002
Hydraulic Hose Kit, High Pressure**

HOSE

Seamless Buna N or Neoprene liner. Synthetic rubber outer cover reinforced by two high tensile steel wire braids. Oil, weather, and abrasion resistant. - 40°F to 200°F rated temperature. Conforms to SAE 100R2, Type AT. High pressure service for air, fuel, lubricants and hydraulic fluids. Designed to assemble with fittings which do not require removal of the cover. **NOTE:** When requisitioning hydraulic hose for this kit, order in multiples of 25 feet with a 2B advice code. If 100 feet are required, use advice code 2N.

1	9C 4720-01-003-1064	3/8" ID, 49/64" OD	FT	25
2	9C 4720-00-989-6479	1/2" ID, 29/32" OD	FT	25

5	9C 4720-00-613-7315	1 1/4" ID, 1 7/8" OD	FT	25

REUSEABLE HOSE FITTINGS - Cadmium or zinc coated steel. Complete with hose coupling nut. Designed to be used with No-Skive high pressure hose for hydraulic fluids.

ASSEMBLY INSTRUCTIONS

1. Lubricate hose end thoroughly.
2. Place socket in vise. Thread hose counter-clockwise into socket until hose bottoms. Back off 1/2 turn.
3. Lubricate nipple threads thoroughly. Use 30W motor oil or equal.
4. Thread nipple clockwise into socket until nipple hex shoulders against socket.
